LARISSA M. BUENO

➤ PROFILE

I have studied to become a Web Developer and I am looking for a job to put in practice what I learned. I believe I can do a good job if I have an opportunity, since I am very motivated, and Web Development has become a passion. I am really excited to explore this field. **(I have VISA to work in Europe.)**

➤ PROJECTS AND LINKS

JavaScript Game

<https://larissambn.github.io/Game>

Harry Potter Memory Game and Quiz. With mostly Javascript and a little bit of DOM. I wanted to make a game that anyone could play.

React Website

<https://tsw.netlify.app>

Made with Javascript and React. It is a website with Information about security of countries for women to travel. The idea was to make a space of comments where women could share their travel experiences.

CRUD App

<https://tranquili-tea.netlify.app>

E-commerce of Tea, a website made with Javascript, React and Express - Node.js. The idea was of an website where the user has a profile, can post, comment, and buy teas. There are Log-in and Sign-up pages, as well as pages only available for users.
